

Dear client,

In AKO, we work day after day to improve our products, and to offer better solutions on the market.

That is why, we are pleased to make known you the development of a new software for the recording of the data of the CAMRegis family.

The new application, called **SOFTRegis**, is a management and monitorization software for the recordings mentioned above, and which is compatible with models **AKO-15740, AKO-15742, AKO-15750** and **AKO-15752**, in addition te being compatible with future data's recorders which is develop within AKO.

Please, **note** that the software **AKO-5003 v.1.6.3**, which is the currently available version will be compatible with the old models AKO-15715, AKO-15716, AKO-15720 and AKO-15722.

Distribution of SOFTRegis, will be done thanks to CDs, of two formats, for two different cases :

1. **CD in a white plastic pocket**, inside the packaging of data's recorders. This option will be available from the launching of new **version 3.0.0 of CAMRegis**.
2. **CD in a rigide case standart DVD**. This option will be the same there is currently with software AKO-5004. It is adressed to customers who have already a Data's recorder CAMRegis, and which using current version 1.6.3 of AKO-5003 to discharge datas and which want to replace it by new SOFTRegis.

Until the launching of the new versions of recorders, the only way to obtain SOFTRegis is through **option 2**.

So, even if it is a **free software** you will have to order it as a reference in your catalogue, which is :

Reference	Description
AKO-5003	SOFTRegis, Software to management and monitorization of CAMRegis recorders

We hope that this product is adapted to the needs and the requirements of the market.

Yours sincerely,

Miguel Angel Cañete
