

## Product Change Notice - Announcement

PCN no.: P55-2024-003  
Date: 2024-11-12  
PCN Type: Information  
Subject: EGO Thermostats - Additional hole in the housing of series 55.325  
Reference: Product Management – Daniel Fuchs and Tilo Fucik

---

### 1. Change reasons / change item

The company group E.G.O. constantly pursues to follow up on the continuous improvement of its products and production processes.

To assure a constant quality of its thermostat series 55.325, E.G.O. decided to include a camera test during the production process. For the performance of the test processing E.G.O. will adjust the thermostat housing by adding one hole on the housing side.

This change will be implemented in the manufacturing process. It will not have any negative influence on reliability, functionality or performance of E.G.O.'s products and does not affect lifetime or approval.

### 2. Affected products

EGO Thermostats – series 55.325

### 3. Affected material type numbers

- 000055325xxxxx00xx

### 4. Identification of change

**5. Change schedule**

The implementation of this change is scheduled for February 2025.

Please note that stock and semi-finished parts will be used up first before the new material is being used.

**6. Additional information**

This product change has passed all internal qualification tests and approvals.

A general sampling is not intended. If samples are needed, please send a sample order indicating the requested parts.
