

Product Change Notice - Announcement

PCN no.: P30-2024-006
Date: 2024-07-30
PCN Type: Information
Subject: EGO Tubular Heating Elements – Marking on the product
Reference: Product Management Mechatronics – Tilo Fucik

1. Change reasons / change item

The company group E.G.O. constantly pursues to follow up on the continuous improvement of its products and production processes.

Following a quality initiative, E.G.O. will introduce a marking on the non-heated area of the tubular heating elements, either on the tube or the flange as shown in the pictures below. The marking will indicate that the product has successfully passed the high voltage test.

This change will not have any negative influence on reliability, functionality or performance of E.G.O.'s products and does not affect lifetime or approval.
